Ms. Merryman Kemp, Chair  
Paducah Gaseous Diffusion Plant  
Citizens Advisory Board  
111 Memorial Drive  
Paducah, Kentucky 42001

Dear Ms. Kemp:

### **DEPARTMENT OF ENERGY RESPONSE TO PADUCAH GASEOUS DIFFUSION PLANT CITIZENS ADVISORY BOARD CONSENSUS RECOMMENDATION 03-03**

The Department of Energy (DOE) is in receipt of consensus recommendation 03-03 that was approved at the May 15, 2003, Citizens Advisory Board (CAB) meeting requesting a copy of the Cleanup Scope proposal. DOE is currently in the process of scheduling a series of meetings with the Commonwealth of Kentucky and the U. S. Environmental Protection Agency to discuss assumptions and scope related to the overall site cleanup. The proposed schedule includes public involvement opportunities that will allow the CAB to participate in the process.

DOE considers public involvement regarding environmental management issues at the Paducah Gaseous Diffusion Plant as an important contribution. We appreciate the time and effort board members spend to provide advice and recommendations from the public sector. If you have any questions, contact me or Federal Coordinator, David Dollins, at (270) 441-6819, or administrative coordinator, Lynn Link at (270) 441-5209.

Sincerely,

A handwritten signature in black ink, which appears to read "Dianna Feireisel", is positioned above the printed name.
